TASTING NOTES

As we were getting ready to bottle the 2008 Cab Sauv, we were sampling individual barrels. Two stood out as being particularly structured and elegant. We decided to pull those barrels aside and let the

wine “play” for another 12 months. The end result is a cab sauv that has a whole life of it’s own. A live wire with a personality that is playfully charming yet intriguing and complex. Enjoy spring 2012 - 2020
